

Subscribe & Win

A Kreg Precision Router Table from Carba-Tec valued at \$449*

*Simply subscribe or renew your subscription to go into the draw to win a Kreg Precision Router Table from Carba-Tec.

Built from the ground up as the portable solution for precision routing, this table provides trim carpenters and other mobile professionals with the quality materials and attention to detail that they're only used to finding in larger router tables. It features the same high-pressure laminate Micro-Dot MDF surface as Kreg's top of the line Precision Router Table, a full-size phenolic insert plate which is fully adjustable for flush table alignment and an innovative rigid steel base that - believe it or not - actually tests quieter than enclosed portable router tables. Why put up with 'portable' features when you can have the real thing?

Subscribe or renew an existing subscription by 19 October 2010 for your chance to win. Entry is open to all residents of Australia and New Zealand.

The winner of the Pfeil 12-piece chisel set in Issue 77 is Anthony Steel of Lancelin WA. Congratulations!
